**PL06** Disseminates medical scientific knowledge to the public on a national and global scale.

#### Application Qualifications

**Duration:** 2 years

**Type A1 :** By research Thesis 36 Credits  
(\*\* Compulsory courses 5 Credits)

**Type A2 :** Coursework 24 Credits  
and thesis 12 Credits  
(\*\* Compulsory courses 5 Credits)

#### Course Synopsis and Methodology

Description		Number of credits	
		Type A1	Type A2
1. Course Work	Not less than	-	24
1.1 Compulsory courses	Not less than	-	9
1.2 Elective courses		-	15
2. Thesis	Not less than	36	12
3. Compulsory courses (Non-credit)	Not less than	5	5
<b>Total credits of the whole program</b>	<b>Not less than</b>	<b>36</b>	<b>36</b>

#### Required students

M.S. Program: 10 candidate students/year

#### Study Plan A Type A1

The applicant must receive a bachelor's degree in Health Science, Medical Science, Science Technology, or other related fields. Moreover, the applicants who have research experience are required.

#### Study Plan A Type A2

The applicant must receive a bachelor's degree in Health Science, Medical Science, Science Technology, or other related fields.

### Research areas in the program

The program provides progressive knowledge for doing research in the areas of Medical Science including Anatomy, Physiology, Biochemistry, Microbiology, Parasitology, and which are relevant to human health.

### scholarship

- Medical Science Graduate Scholarship
- National Research Council of Thailand
- Agricultural Research Development Agency

### Application Information

#### 1. Division of Academic Affairs, Naresuan University
